

MARINE VILLA

The Art Deco House

Room Configurations

We are sorry but we are unable to change the bed arrangements with the exception of being able to add cots to most the rooms.

We have available one wooden cot and two additional travel cots. For hygiene reasons, visitors will need to provide their own bedding and sheets for all cots. You may bring additional travel cots with prior approval.

All photos are for help only and may not accurately reflect the way the room will look when you arrive. (it should be even better!!)
