Magnums for Sale (only 3 on offer in house unless pre-ordered)

When Sharon entered the grand dining room on her first visit to the house, she decided that Marine Villa would be the perfect place for decadent wining and dining! In that vein, she is developing a small selection of wines from her private cellar for sale – all in magnum size of course (all bottles contain 1500ml, unless stated otherwise).

The key to unlock these child-safe locks is on a separate keyring that our House Manager will point out to you on arrival. Guests should pay for any of the magnums consumed on departure (we have a credit card machine) or else guests who booked with us direct may elect to have the charge deducted from their security deposit.
